General Rules:

- **Only the students pursuing undergraduate degree or below are allowed to participate.**
- **Students from different colleges/institutions can be a part of the same team.**
- **Number of participants allowed : 1 to 4.**
- **No student can be a member of two teams.**
- **Any idea proposed beyond the theme of the contest will not be considered.**
- **The presentation needs to adhere to the format and guidelines provided.**
- **The projects which have already been submitted elsewhere will not be considered.**
- **No hardware projects are allowed.**
- **No presentations will be accepted after the deadline.**

General Information:

- **The theme for HackCoVIT 2020 is the ongoing global pandemic COVID-19.**
- **There are five domains under the theme:**
 - **Health care innovations**
 - **Internet Security**
 - **Agriculture**
 - **Education**
 - **Environment**
- **Any of the above domain can be chosen by the teams.**
- **One team can choose only one domain.**
- **The registrations will be done on an online platform, whose link is provided on our website.**
- **There is no registration fee.**
- **After completing the registration every team has to fill out a document provided on the website for detailed information of the team.**
- **The above document has to be submitted on the portal after registration.**

Hackathon Details:

- **HackCoVIT 2020 will begin on 1st May, 2020 (Friday) at 8:00 AM sharp.**
- **10 problem statements will be displayed on the portal for every domain an hour before the commencement of the hackathon at 7:00 AM.**
- **The team needs to select any one problem statement of the 10 and work on it for 24 hours.**
- **The team has to select a problem statement only from the domain opted by them.**
- **The submission link will be active for these 24 hours.**
- **The submission will close on 2nd May, 2020 (Saturday) at 8:00 AM.**
- **The team has to submit the following as the final presentation:**
 - **A presentation (Format is provided on the website)**
 - **Google Drive Link of the Zipped files of full project (in the presentation)**
 - **Link of the Git repository of the project (in the presentation).**
- **Top 10 teams will be selected for the final presentation on 4th May, 2020 (Monday). The list of these teams will be released on 3rd May, 2020 (Sunday).**
- **Out of the 10 teams the winners will be declared on the basis of their innovative idea, project execution and presentation skills.**
- **Final result will be declared on 5th May, 2020 (Tuesday).**

**Note that the decision of the jury will be final and binding.
No argument or appeal will be entertained.**
