CODING BLOCKS | GDG Bhopal | Microsoft Student Partners

General Rules:

- Only the students pursuing undergraduate degree or below are allowed to participate.
- Students from different colleges/institutions can be a part of the same team.
- Number of participants allowed : 1 to 4.
- No student can be a member of two teams.
- Any idea proposed beyond the theme of the contest will not be considered.
- The presentation needs to adhere to the format and guidelines provided.
- The projects which have already been submitted elsewhere will not be considered.
- No hardware projects are allowed.
- No presentations will be accepted after the deadline.

General Information:

- The theme for HackCoVIT 2020 is the ongoing global pandemic COVID-19.
- There are five domains under the theme:
  - Health care innovations **(HCI)**
  - Internet Security **(IS)**
  - Agriculture **(AGRI)**
  - Education **(EDU)**
  - Environment **(ENV)**
- Any of the above domain can be chosen by the teams.
- One team can choose only one domain.
- The registrations will be done on an online platform, whose link is provided on our website.
- There is no registration fee.
- After completing the registration every team has to fill out a document provided on the website for detailed information of the team.
- The above document has to be submitted on the portal after registration.

Hackathon Details:

- HackCoVIT 2020 will begin on 1st May, 2020 (Friday) at 11:30 AM sharp.
- 25 problem statements will be displayed on the portal 5 for each domain an hour before the commencement of the hackathon at 10:30 AM.
- The team needs to select any one problem statement of the 25 and work on it for 24 hours.
- The submission link will be active for these 24 hours.
- The submission will close on 2nd May, 2020 (Saturday) at 11:30 AM.
- The team has to submit the following as the final presentation:
    - A presentation (Format is provided on the website)
    - Google Drive Link of the Zipped files of full project (in the presentation)
    - Link of the Git repository of the project (in the presentation).
- Top 20 teams will be selected for the final presentation on 4th May, 2020 (Monday). The list of these teams will be released on 3rd May, 2020 (Sunday) at 06:00 PM.
- Out of the 20 teams the winners will be declared on the basis of their innovative idea, project execution and presentation skills.
- Final result will be declared on 5th May, 2020 (Tuesday).

Note that the decision of the jury will be final and binding.
No argument or appeal will be entertained.
